Modules and Packages
Rotary Screw and LRG9-DP Reciprocating Compressors

**LRG9-DP 2-stage
Motor Drive Package**

FEATURES AND OPTIONS

LRG9-DP packages and modules are available in 1, 2 and 3 stage configurations both gas engine and motor drive up to 60hp. Rotary Screw compressors are available as full packages up to 60hp (HG10000 and HG12000 compressors) while modules are available for all single and two stage.

Numerous options are available which include, but not limited to the following:

- PLC's, HMI's, Instrumentation
- Motor controls - VFD's, Soft Starters
- Scrubbers, Blowdown tanks, Separators
- Enclosures, O2 analyzers, after coolers, etc...

LeROI® Gas Compressors
by Rotary Compression Technologies, Inc.

APPLICATIONS AND BENEFITS

LeROI's packages and modules are an ideal solution for those seeking additional options for rental fleets or specific project needs. Turn-key packages for both our LRG9-DP reciprocating compressor and rotary screw compressor are available as well as modules that are partial packages ready to be finished by packager.

Vapor Recovery, gas lift, well unloading, and bio gas are just a few applications suitable for these solutions.

Please contact us for more details, proposals and availability.
